

Offaly Rowing Club

Boat Storage Agreement updated 1.10.23

Storage for private boats may be provided to members of Offaly Rowing Club under the following conditions:

- Storage is provided on an annual basis from 1st January to 31st December, in line with membership.
- Storage fee is subject to review on an annual basis.
- Insurance of private boats must be arranged by their owners. ORC must be indemnified on the policy, and the owner must have public liability. Details should be provided with this form. Failure to provide may result in ORC requesting the removal of 3rd party equipment from ORC grounds.
- Boats are stored at the owner's risk, and Offaly Rowing Club accept no liability for any damage to a private boat stored at the clubs' facilities.
- Club equipment takes priority. If storage of private boats impinges on the ability of Offaly Rowing Club to store their own boats/equipment, then the owner of the private boat must arrange alternative storage and will receive a pro-rata refund.
- Historical storage is no guarantee of continuing storage in the future.

Storage of full active member's boats will take priority if private storage is oversubscribed. The ranking for storage of private boats is full members, followed by distance members, followed by associate members.

In the event that private boats are left in unpaid storage, or with no confirmation of insurances, the club will contact the owner to arrange their removal six months after fees fall due. If the situation is not remedied, the boat will become the property of ORC, and will be sold.
